Fish Tacos with Corn Relish
Nutrition Facts: Serving Size: 2 tacos | Servings: 4 | Calories: 360

Ingredients:
1 tsp Cumin, ground
1 tsp Chili Powder
1 tsp Oregano, dried
½ tsp Paprika
To taste Black Pepper, ground
½ tsp Salt, Kosher
1 lb Drum fillet or other white fish, without skin
2 tsp Olive Oil
2 each Green Onions, chopped, white and green parts separate
1/2 Red Bell Pepper, seeds removed, small dice
1-2 cloves Garlic, minced
1 cup Corn Kernels, fresh or frozen
½ cup Tomatoes, canned, diced, unsalted
1 TBsp Red or White Wine Vinegar
1 Lime, juiced
1 1/2 tsp Honey
1 Tbsp Cilantro, chopped
8 small Corn Tortillas

Preparation:
1. In a medium bowl, mix the cumin, chili powder, oregano, paprika, pepper, red pepper flakes (if desired) and half the salt together. Place drum in a small dish and lightly coat each side with the seasoning, coating evenly.
2. Using a sauté pan, add 1 tsp of olive oil over medium-high heat. Once the oil is hot, add the white part of the green onion, red bell pepper, garlic and corn to the pan. Cook for 2-3 minutes, or until the corn begins to brown and constantly stir ingredients.
3. In the same pan, add the tomatoes, vinegar and remaining salt and pepper to the pan. Cook until the relish starts to thicken.
4. Stir in the lime juice, honey, cilantro and green parts of the onions to the pan. Pour the relish into a bowl and cover to keep warm.
5. Once pan is emptied heat the remaining olive oil over medium-high heat. Add the fish and cook until golden brown on the under-side. Flip the fish over using a spatula and cook until the second side starts to brown.
6. Pour ¼ cup of water into the pan. Put a lid on and turn the heat down to medium-low. Cook the fish until flaky, checking every 1-2 minutes. Once cooked, break the fish up in the pan with a spatula. Place on folded corn tortillas using tongs and top with corn relish. Enjoy!
