

## Satsuma Pomegranate Spritzer

This is a fun, flavorful alternative to soda. Try any of your favorite fruits in this spritzer! You can make the base far in advance, but don't add the club soda until ready to serve.

### **Preparation:**

1. Gather all ingredients and equipment.
2. Peel the satsumas and pull the fruit in half. Place the peeled satsumas in the bottom of a pitcher.
3. Pull the mint leaves from the stem and add them to the pitcher. Discard the stem.
4. First squeeze the lime juice into the pitcher, then add the halved limes to the pitcher.
5. Add the sugar to the pitcher and muddle together the satsumas, mint, lime and sugar until the satsumas and mint are broken up well.
6. Add the pomegranate juice and club soda to the pitcher, stir and serve. (NOTE: Open the club soda very slowly and gradually to avoid it pouring over the sides.)
7. Serve chilled or over ice, pouring a little Satsuma and mint in each of the glasses. Or, garnish with a sprig of mint.
